Will it be beneficial to all concerned?

George Washington's Rules of Civility and Decent Behavior... (con't)

Rules of Civility & Decent Behavior In Company and Conversation is the name of a list best known as a school writing exercise of George Washington, who became the first president of the United States of America. Most of the rules have been traced to a French etiquette manual written by Jesuits in 1595.

8. Undertake not what you cannot perform but be careful to keep your promise.

If you say you're going to do something, do it. Keep your word, it is your best asset.

9. A man ought not to value himself of his achievements, or rare qualities of wit; much less of his riches, virtue or kindred.

Even a man with a 555-foot tall monument in his honor was against the humblebrag. Let others brag on your accomplishments.
